MUSESENGI RIVER CAMP

Set on the confluence of the Zambezi and Musesengi Rivers, this camp is situated in the remote East of the Lower Zambezi National Park. Opening from 1st April 2027.

Just minutes eastward from Kulefu Airstrip, and together with our new aircraft, we seamlessly connect guests with our King Lewanika Lodge in Liuwa Plain and many other Zambian safari highlights.

Musesengi River Camp, Twin Safari Tent

Zambia is renowned for being one of Africa's finest safari experiences, known for its diverse game viewing, varied landscapes, rich topography and exceptional wildlife. In this uncrowded corner of Lower Zambezi, Musesengi River Camp focuses on immersive guided experiences in the abundance of the area, reconnecting guests with nature through insightful walking, tranquil boat cruises and exhilarating game drives.

Ker & Downey Zambia has deliberately ventured into the more remote, quieter sector of the Lower Zambezi, as well as Liuwa Plain National Park, to share diverse wilderness experiences in untouched landscapes. This thoughtful camp placement fosters a deeper connection with nature, allowing guests the time to imbibe the rhythm, solitude, and raw beauty of Zambia's wild spaces in their purest form.

Musesengi River Camp occupies remote real estate in the Lower Zambezi National Park, uniquely positioned on an elevated peninsula overlooking the confluence of the Zambezi and Musesengi Rivers. Opening its doors 1 April 2027, the camp is home to only fourteen guests, thus ensuring a tailored, nature-focused experience within the breathtaking scenery from the camp's immediate environment.

MUSESENJI RIVER CAMP DETAILS

- 5 Luxury Safari Tents
- 1 Family Luxury Safari Tent
- Each tent has a private plunge pool
- All tented rooms are air-conditioned
- Accommodates 14 Guests

SEASONALITY

Shoulder Season : 1 April - 30 June and 1 - 30 November

High Season : 1 July - 31 October

Ker & Downey Zambia believes in conscious luxury: our eco-friendly design is entirely solar-powered, utilizing a state-of-the-art water filtration system, and is built without permanent concrete footings to minimize our environmental footprint. To ensure your complete comfort throughout the entire safari season, the camp is also fully air-conditioned.

LOCATION

Located on the banks of the Zambezi River at its confluence with the Musesenji River, Musesenji is the most easterly located camp in the Lower Zambezi National Park, making it the most remote camp in the park, and assuring all guests of a secluded wilderness experience.

Musesenji River Camp, Family Safari Suite

LOWER ZAMBEZI NATIONAL PARK

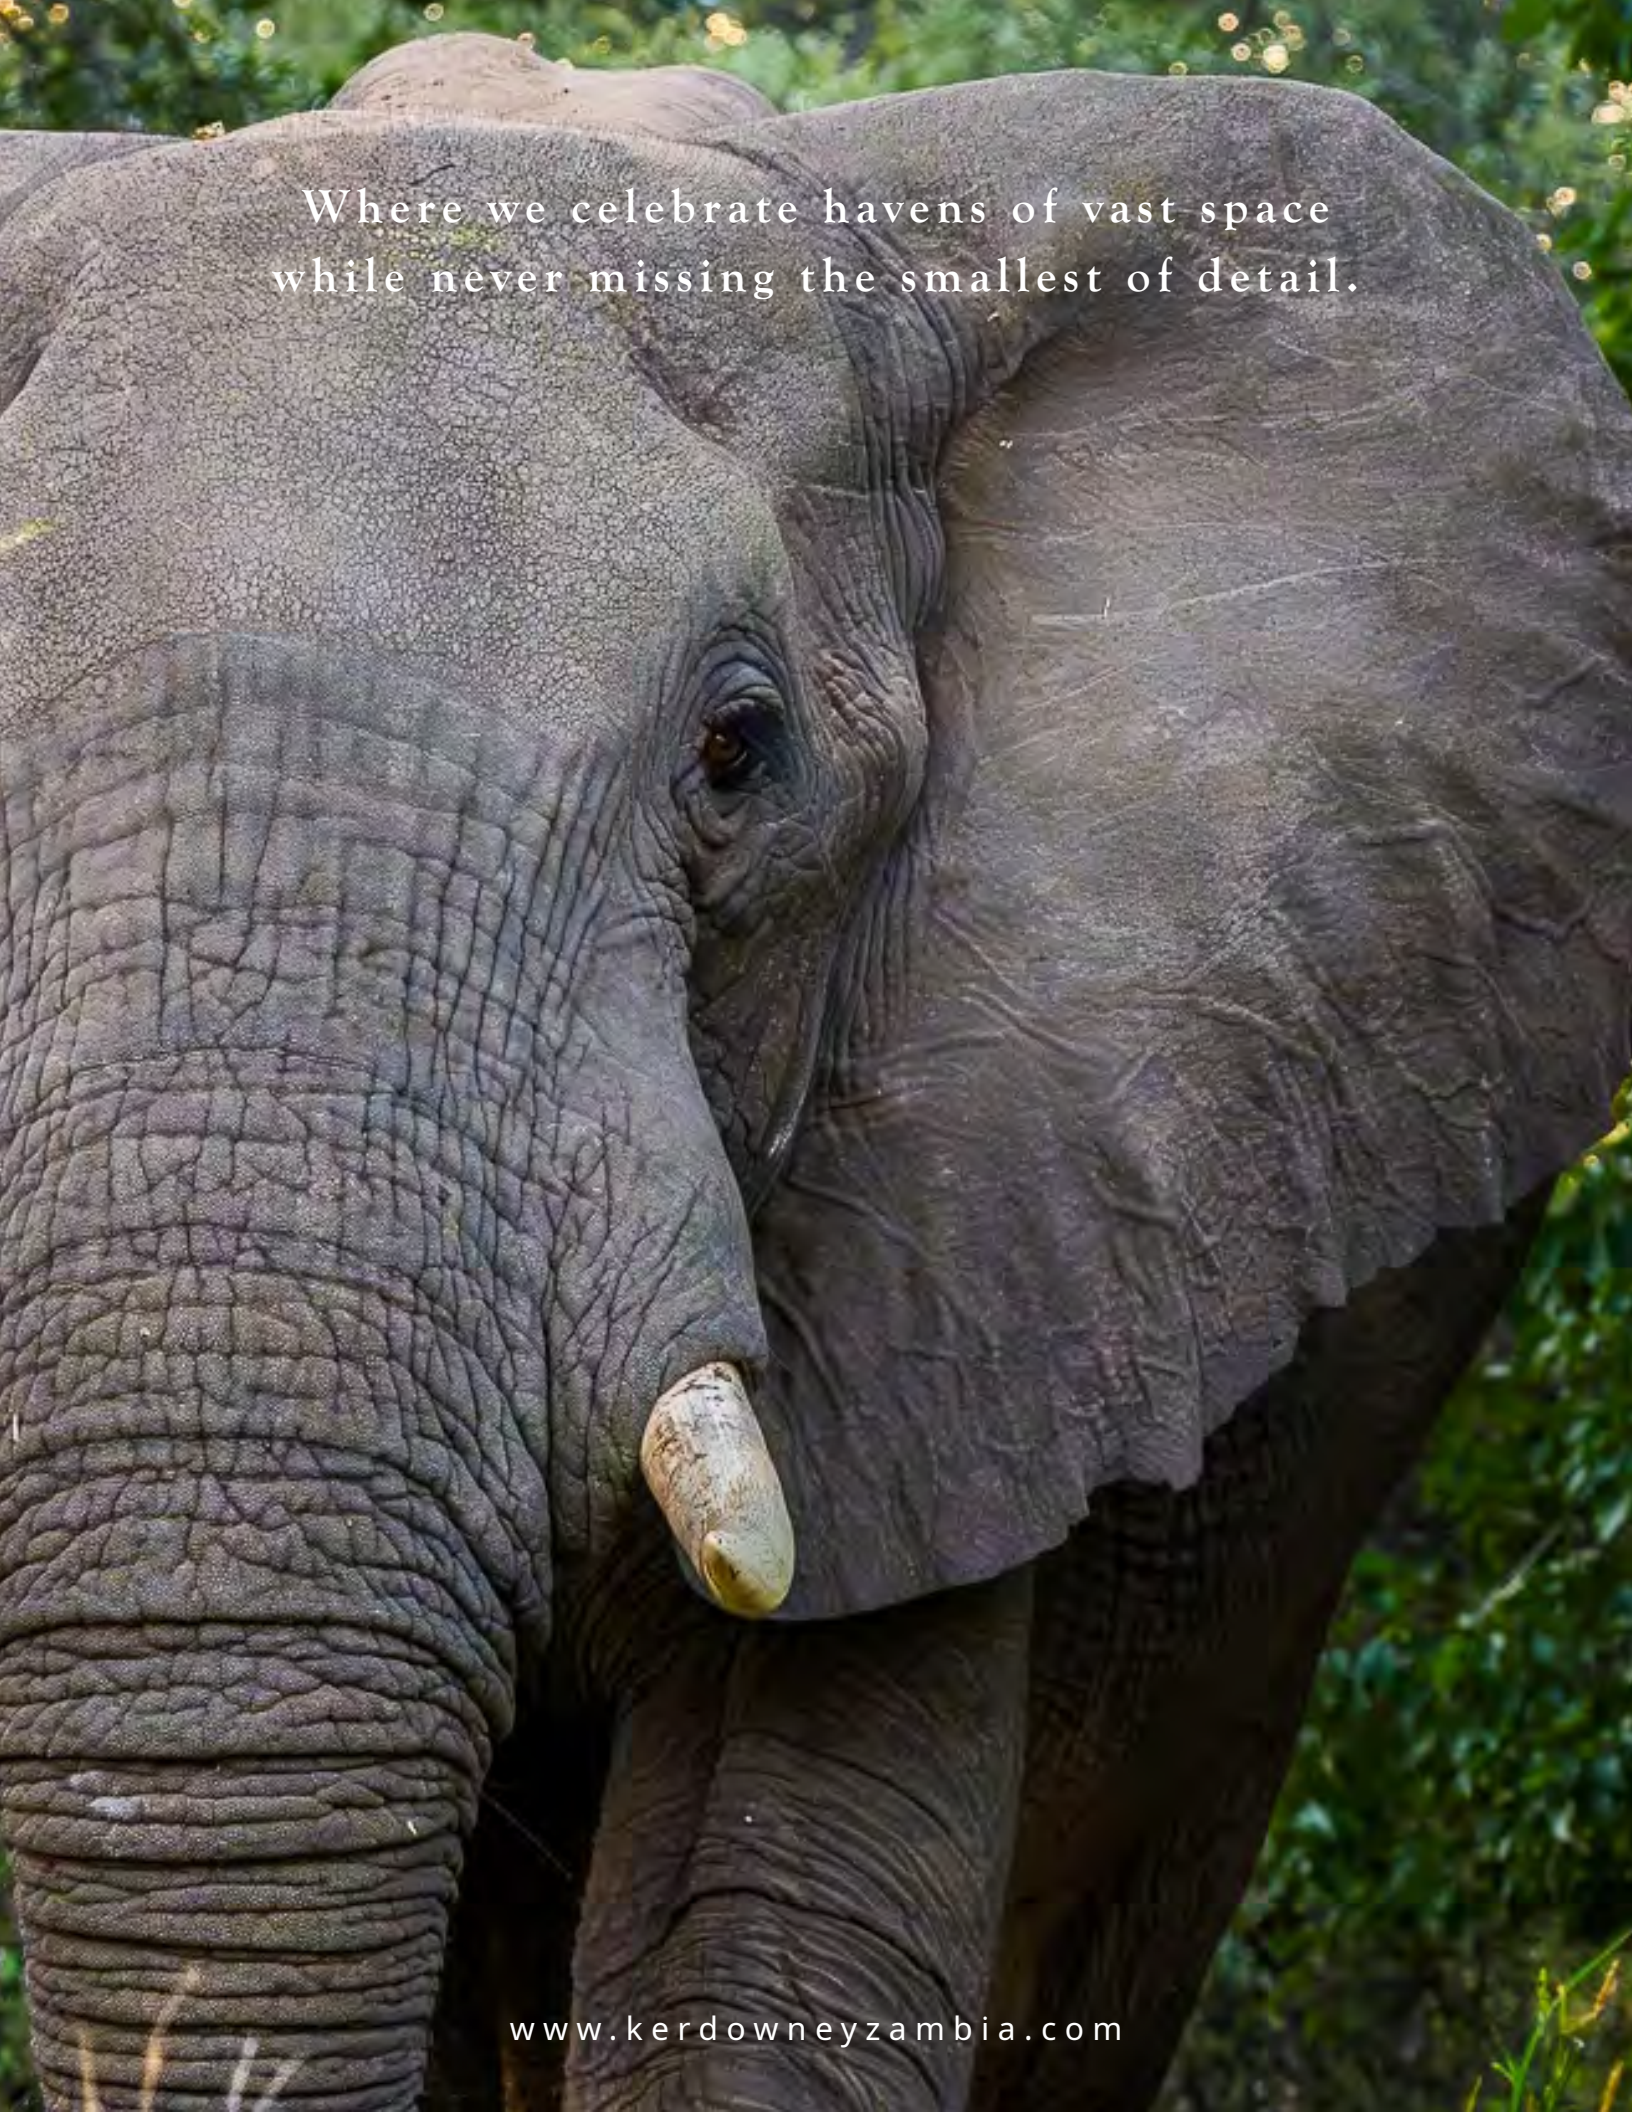

Spanning 4,092 square kilometres (1,580 square miles), Lower Zambezi National Park is a sanctuary of breathtaking, untouched beauty. This cherished destination offers a diverse mosaic of habitats, creating a haven for a remarkable array of wildlife. Whether you are exploring via tranquil boating safaris, game drives, or guided walking excursions, at Musesenji you are immersed in the park's most scenic and wildlife-productive landscapes.

Opportunities to encounter wildlife are unmatched. This is a land of giants, home to large elephant herds, elusive leopards, powerful lion prides, and the rare spectacle of wild dog packs. It is also a true birder's paradise, teeming with exceptional avian diversity, boasting more than 430 species.
